Within the higher education programme students also master other disciplines (modules) and / or internships that contribute to the achievement of the expected learning outcomes as results of the internship.

Table 3.1. The list of the higher education programme components that contribute to the achievement of the expected learning outcomes as the internship results.

Competence code	Competence descriptor	Previous courses/modules, internships*	Subsequent courses/modules, internships*
GPC-1.	Ability and willingness to implement ethical and deontological principles in professional activities.	Human anatomy (anatomy of the head of the neck). Histology. Latin. Physics Medical Informatics. Chemistry Normal physiology Life safety Materials Science	ALL dental clinical disciplines.
GPC-1.1.	Observes the basics of medical ethics and deontology; the basics of legislation in the field of health care; legal aspects of medical activity.		
GPC-1.2.	Applies ethical norms and principles of behavior of a medical worker in the performance of his professional duties; knowledge of modern legislation in the field of healthcare in solving problems of professional activity; apply the rules and norms of interaction between a doctor and colleagues and patients.	Human anatomy (anatomy of the head of the neck). Histology. Latin. Physics Medical Informatics. Chemistry Normal physiology Life safety Materials Science	ALL dental clinical disciplines.
GPC-1.3.	practical experience addressing typical tasks of professional activity based on ethical norms and deontological principles when interacting with colleagues and patients (their legal representatives),	Human anatomy (anatomy of the head of the neck). Histology. Latin. Physics Medical Informatics. Chemistry Normal physiology Life safety Materials Science	ALL dental clinical disciplines.

	knowledge of the legal aspects of medical practice.		
GPC-10.	Able to organize the work of junior and middle medical personnel to care for patients.	Human anatomy (anatomy of the head of the neck). Histology. Latin. Physics	ALL dental clinical disciplines.
GPC-10.4.	Draws up a plan and a report on his work.	Medical Informatics. Chemistry Normal physiology Life safety Materials Science	

4. INTERNSHIP WORKLOAD

The total workload of the internship is 3 credits and 108 academic hours).

5. INTERNSHIP CONTENTS

*Table 5.1. Internship contents**

Modules and Topics	Content of the topics	Type of ac. activity
Module 1. Preparatory phase	Fire safety training	5
	Mastery of the basic principles of medical ethics and deontology	6
	Mastering the duties of junior medical personnel	10
	Study of the stages and principles of work of the ward and procedural nurse	10
	Familiarization with the basics of organization and work at the nursing post	10
Module 2. Clinical phase	Mastering the principles of organizing the work of the nursing post of therapeutic, surgical, resuscitation, reception departments	10
	Conducting sanitary and educational work among patients	10
	Mastering the rules of sanitization and the principles of observation and care of patients of varying severity	10
	Mastering the methods of drug administration (intramuscular, subcutaneous injections)	5
	Mastering the method of intravenous drug administration.	5
	Writing an internship report	18
	Preparing for defence and defending the internship report	9

6. INTERNSHIP EQUIPMENT AND TECHNOLOGY SUPPORT REQUIREMENTS

The infrastructure and technical support necessary for the internship implementation include: laboratories/ specially equipped classrooms/ polygons/ measuring and computing complexes/ vehicles/ industrial equipment and devices/ household premises that comply with current sanitary and fire safety standards.

The SAFETY REQUIREMENTS at the enterprise, workplace (including the department of RUDN University) and during the work with certain production/laboratory equipment incorporate/ include the following providing safety briefings.

7. INTERNSHIP LOCATION AND TIMELINE

The internship can be carried out at the structural divisions of RUDN University (at Moscow-based organisations, as well as those located outside Moscow.

The internship at an external organisation (outside RUDN University) is legally arranged on the grounds of an appropriate agreement, which specifies the terms, place and conditions for an internship implementation at the organisation.

The period of the internship, as a rule, corresponds to the period indicated in the training calendar of the higher education programme. However, the period of the internship can be rescheduled upon the agreement with the Department of Educational Policy and the Department for the Organization of Internship and Employment of RUDN students.
