**Second Foreign Language (practical course)**

---

course title

**Recommended by the Didactic Council for the Education Field of:**

40.03.01. Law

---

field of studies / speciality code and title

**The course instruction is implemented within the professional education programme  
of higher education:**

Bachelor of Laws (LLB)

---

higher education programme profile/specialisation title

**Moscow 2023**

## 1. COURSE GOAL(s)

**The main goal** of the course is the formation of knowledge in the field of the system-structural organization of the studied foreign language and the development of skills and abilities of communicative and translation orientation.

The main goal includes practical, educational and teaching components.

The **practical goal** of the course is LLB students' mastering the communicative competence, the level of which allows them to use a foreign language as a tool for intercultural interaction in everyday, socio-cultural, official business, and production areas.

The achievement of the practical goal is facilitated by the solution of such tasks as as:

- formation of a secondary language personality;
- interconnected teaching of all types of foreign language speech activity;
- theoretical and practical step-by-step mastery of a foreign language, namely:
  - the acquisition of knowledge, the formation of practical skills in the field of phonetics, morphology, syntax of the language being studied,
  - formation and replenishment of vocabulary,
  - the formation of skills for the adequate use of lexical and grammatical forms, taking into account the situation of communication in a foreign language, the characteristics of the perception of the target audience.

The **educational goal** involves the formation of students' skills to use a foreign language to improve the level of general culture, erudition, culture of thinking, communication, speech. The educational goal is achieved by solving a number of tasks:

- expansion of background knowledge;
- increase in the general intellectual level;
- expanding horizons in the process of working with various sources of information in a foreign language.

The teaching goal is to develop the personal qualities of the student. The educational goal is realized in the process of solving the following tasks:

- fostering tolerance and respect for the spiritual and cultural values of other countries and peoples;
- development of the aspiration for knowledge and improvement;
- formation of readiness to promote the development of intercultural relations

## 2. REQUIREMENTS FOR LEARNING OUTCOMES

The starting level of a student's foreign language communicative competence may vary due to the different level of mastering the discipline "Foreign language" at school.

The program takes into account the following possible contingent of students:

- Beginners in learning a foreign language from level "0" / A1 – survival level;
- Those who have mastered the secondary school program (A2 – pre-threshold level);
- Those who have mastered the program of schools with in-depth study of a foreign language, have mastered the program of specialized courses, etc. (B1 – threshold level).

Successful completion of the course syllabus requires students to reach the second threshold (B1) or the second advanced level (B2).

Mastering the course is aimed at the bachelor's students' formation of the following competencies (part of competencies):

*Table 2.1. List of competences that students acquire through the course study*

Competence code	Competence descriptor	Competence formation indicators (within this course)
GC-4	GC-4. Student can communicate in interpersonal and intercultural interaction in Russian as a foreign and foreign language(s) based on the possession of interconnected and interdependent types of reproductive and productive foreign language speech activities, such as listening, speaking, reading, writing and translating in everyday life sociocultural, educational, professional, official, business and scientific spheres of communication	GC-4.1.
