Federal State Autonomous Educational Institution of Higher Education
PATRICE LUMUMBA PEOPLES' FRIENDSHIP UNIVERSITY OF
RUSSIA

Institute of Medicine

educational division (faculty/institute/academy) as higher education programme developer

COURSE SYLLABUS

APPLIED PHYSICAL CULTURE

course title

**Recommended by the Didactic Council for: all specialities/training areas for
bachelors/specialists implemented at RUDN University**

31.05.01 General Medicine

field of studies / speciality code and title

**The development of the discipline is carried out within the
framework of the implementation of the main professional
educational program of higher education
(EP HE).**

General Medicine

higher education programme profile/specialisation title

1. GOALS OF MASTERING THE DISCIPLINE

The aim of the course «**Applied Physical Culture**» is to supply students with knowledge of human body systems and to introduce them to the main concepts of physical activities. Students learn to go in for many kinds of sports and to understand structure-function relationship between sport exercises and physical health of human body in different aspects.

2. REQUIREMENTS TO LEARNING OUTCOMES

The process of studying the discipline “Applied Physical Culture” is purposed for developing the following competence: UK-7 – is able to maintain the current level of physical fitness to ensure full-fledged social and professional activities

Table 2.1. The list of competencies formed by students during the development of the discipline (results of the mastering of the discipline)

Competence	Indicators of Competence Formation (within the framework of this discipline)
GPC-7. Able to keep the proper level in physical fitness to ensure full social and professional activities	GPC-7.1 able to define the kinds of sport exercises, can determine scientific and practical basements of physical culture and healthy lifestyle.
	GPC-7.2 able to apply in practice a variety of means of physical culture, sports and tourism to keep and strengthen health, psychophysical preparation and self-preparation for future life and professional activities; use creative means and methods of physical education for professional and personal development, physical self-improvement, formation of a healthy image and lifestyle. acquainted the different sport means practical usage.

3. THE COURSE IN THE HIGHER EDUCATION PROGRAMME STRUCTURE

The course «**Applied Physical Culture**» refers to the Compulsory Disciplines of block B1 of the EP HE.

The discipline “Applied Physical Education” is implemented in a volume of at least 328 academic hours (0 credit units) in full-time education.

Within the framework of the Educational Program, students also master other disciplines and/or practices that contribute to expected learning outcomes of the course «Applied Physical Culture».

Table 3.1. List of Higher Education Program disciplines that contribute to expected learning outcomes

Competence Code	The competence	Learning outcomes	Assessment indicators
GPC-7.1.	GPS-7.1. Applies the means and methods of physical education for professional and personal development with the purposes of successful social and professional activities	Operate the values and functions of physical culture and sports; types of physical exercises; scientific and practical foundations of physical culture	Reveals the values and functions of physical culture and sports. Gives examples and characterizes types of physical exercises. Reveals the scientific and practical foundations of physical culture
		Operate the methods and means of physical culture and sports, the basics of developing and improving physical qualities in order to increase the level of physical fitness	Characterizes methods and means of physical culture and sports. Characterizes methods of formation and improvement of physical qualities and level of physical fitness.
		Operate the principles and fundamentals of the methodology for conducting educational training sessions in order to increase the body's adaptive reserves and improve health.	Characterizes the principles and fundamentals of the methodology for conducting educational and training sessions in order to increase the body's adaptive reserves and improve health.
		Operate the scientific and practical foundations of a healthy lifestyle.	Describes methods of maintaining and promoting health. Analyzes cause-and-effect relationships between healthy lifestyle factors and diseases. Describes the basics of a healthy lifestyle

GPC-7.2	GPS-7.2. Able to apply in practice a variety of means of physical culture, sports and tourism to preserve and strengthen health, psychophysical preparation and self-preparation for future life and professional activities; use creative means and methods of physical education for professional and personal development, physical self-improvement, formation of a healthy image and lifestyle	Able to plan and organize educational and training sessions, apply various exercise systems in order to improve physical fitness to preserve and improve health.	Plans and organizes educational and training sessions in order to preserve and improve health. Determines the effectiveness of various exercises in order to improve physical fitness.
		Able to self-monitor the conditions of your body during physical activity culture and sports	Applies practical skills for self-monitoring of the state of his body in the process of physical education and sports
		Able to use the means and methods of physical culture to form physical and mental qualities of the individual and organization of a healthy lifestyle.	Chooses the actual means and methods for the formation of physical and mental qualities. Chooses the actual means and methods for organizing a healthy lifestyle

* - to be filled out in accordance with the competency matrix and SEP of EP HE

4. THE DISCIPLINE WORKLOAD AND ACADEMIC ACTIVITIES

The total workload of the discipline "Applied Physical Culture" is equal to 328 ac. h. (0 credits).

Table 4.1. Types of academic activities during the period of the HE program mastering

Types of academic activities	TOTAL, academic hours (ac.h)	semesters				
		1	2	3	4	
Classroom learning , ac.h.	137	51	17	51	18	
Lectures (Lec)						
Lab work (Lab)						
Practical/seminar classes	137	51	17	51	18	
Self-studies, academic hours	191	34	55	34	68	
Evaluation and assessment (exam or pass/fail grading)						
Total workload of the discipline	ac.h.	328	85	72	85	86
	credits	0	0	0	0	0

5. THE COURSE MODULES AND CONTENTS

Table 5.1. The content of the discipline and types of academic activities

Modules and Topics	Content of the topics	Type of academic activities
Module 1 Methodical and practical	1.1. Track And Field Athletics 1.2. Sport Games 1.3. Gymnastics 1.4. Winter Sports 1.5. Combat techniques and movement without weapons	<i>Pr</i> <i>Pr</i> <i>Pr</i> <i>Pr</i> <i>Pr</i> <i>Pr</i>
	Students self-studies	<i>*Extracurricular studies</i>

**Pr - Practicum*

6. CLASSROOM EQUIPMENT AND TECHNOLOGY SUPPORT REQUIREMENTS

Table 6.1. Logistical and material supplements of the discipline

Classroom for Academic Activity Type	Classroom Equipment	Specialized educational/laboratory equipment, software and materials for the mastering of the Discipline
FC “Megasphere”	Equipped covered football fields	Football gates, mini-footballs, all-season field cover
Ski base	Ski, different equipment for skiing	Ski equipment 350 fullstaff units
Classroom for students self-studies *	Classroom for self-studies of students (can be used for seminars and consultations), equipped with a set of specialized furniture, and computers with stable wireless Internet connection. (aud. 245, 246).	Technical equipment: multimedia projector BenQ Projector MX 525, projection screen, laptop ASUS X515JP-BQ029T, computer Lenovo V530S-071CB with stable Internet connection. Software: Microsoft Windows, MS Office / Office 365, MS Teams, Chrome (latest and stable release).
Gymnasium for different kinds of sport training	Gymnasium for different kinds of sport training (Gym at the «Druzhba» sport club).	Sport banches, mates, fitballs/heavy fitballs, ropes, kettlebells/dumbbells/barbells in various waits, sport barriers, sport exercises machines, other sport equipment.
Ice-hockey rink*	Equipped rink for Winter sports	Hockey side-boards, gates, skates, rubber ground coverings.
